Thank you very much for your work on the family headstone. We have been to see the headstone in place and it is a fitting tribute to the previous generations.
Your professional skills and service are much appreciated.

I have not been able to see it, has
I am not able to get out much.
But I have a friend who has seen it,
and she says it is very nice, you have made it look new.

Thank you for dealing with this sensitive matter for us and for doing such a good job. The head stone was in place for mother's day, which was very significant as most of the family visited the grave that day.

My wife and I were very pleased with the headstone and after nearly 25 years - worth waiting for.
